About The Life-Sized Unicorn Gundam Statue at Festival Plaza

Watch the transformation of The Life-Sized Unicorn Gundam Statue as its horn open and close and the mode of its face changes, showcasing the recreation of the full-scale figure to the maximum extent possible. After dark, the popular Wall-G video projection displays videos on the wall to feature a collaborative performance to accentuate the statue. This is a new type of visual entertainment that captivates the crowd with The Life-Sized Unicorn Gundam Statue.

*The performance may be changed or canceled without prior notice due to bad weather or other events.
*The performance schedule is available on the website and a sign located next to The Life-Sized Unicorn Gundam Statue.
